

Report of the Montreal Area Council

Region 7

2017-2020

Over the past four years, the Montreal Area Council has participated enthusiastically in numerous activities:

- Mobilization for the 2019 federal election
- Strike Alert mobilization
- Phoenix mobilization
- Mobilization against the PEQ immigration reforms
- Offering mini-workshops on a variety of relevant topics
- Supporting other unions' mobilization activities (ABI, PACCAR and the National Battlefields Commission)
- Visiting MPs' offices to discuss issues of concern to us
- Protesting against Bill 59
- Participating in a number of FTQ campaigns in our role as an affiliate union

The Montreal Area Council was represented at every meeting of the PSAC National Board of Directors and the Quebec Council.

The Council supports its regional committees as needed and assists with their activities in order to boost participation.

We are attempting in various ways to expand Council membership. Our goal is at least one participant per local to enhance representativity.

Frédéric Boucher-Legault
President, Montreal Area Council
