

Report of the Young Workers Director

April 2025 to March 2026

I was elected as PSAC-Quebec Young Workers Director on April 29, 2025. The year that followed saw a reaffirmed desire to mobilize, a reorganization of connections with area councils, steady efforts to build credibility, and greater presence within the different entities. This report provides a full account of our accomplishments since May 2025. I look forward to our continued work on building the future together.

Jenny-Lee McLaughlin
